TO: Randy Johnson
U.S. Lamp Inc.

FROM: Robert H. Zuehlsdorf

SUBJECT: Performance Recommendation

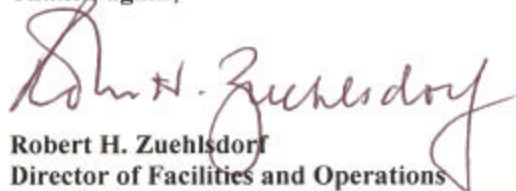

DATE: December 15, 2000

I want to thank you for the excellent work that has been performed to date for the lighting retrofit project we are currently working on.

The background and design information is extremely helpful. Your response has always been timely and very professional. Your "state of the art" information has made our project very successful.

We look forward to the completion of the \$600,000 lighting retrofit project so that the energy savings may be achieved and we reap the benefits of a much upgraded system.

Thanks again;

Robert H. Zuehlsdorf
