

April 13, 2008
Letter of Recommendation
Reference: Hobart Lighting Project 2008

Randy Johnson/Jeremy Bellile:

Bay Valley Foods would like to acknowledge the work performed in the relamping of the Hobart Distribution Center as a positive experience for both BVF and US Lamp.

As we near the completion of the project, we are confident that the overall annual savings will make a favorable impact on our annual electrical cost(s) for the facility.

We would like to make note of the professional attitude of the correctional methods and timely response of the project from start to finish. US Lamp will be noted as a vendor of choice and we look forward to utilizing their services in future projects.

Again, thank you for all your hard work.

Bay Valley Foods
