Mr. Randall S. Johnson
US Lamp, Inc
3600 Velp Ave
Green Bay, WI 54313

Dear Randy:

I would like to take this opportunity to thank you and your staff at US Lamp Inc for your time and effort that was invested in the recent lighting retrofit project at our High School and District Office building.

As a company US Lamp Inc gave us a complete lighting layout, design and retrofit project proposal. Your efforts to work with Alliant Energy helped us get financing with no out of pocket expense. The energy savings will pay for the project. Included in this project was the benefit of addressing our HVAC system. Together this allows for energy savings for both lighting and HVAC and is included in the financing thru Alliant Energy.

Menominee Indian School District is pleased with the way the project was coordinated to run as smooth as it did. The students and staff are satisfied with the new improvements. Your company and staff were very professional throughout the project.

Please feel free to use Menominee Indian School District as a reference. If anyone would like to contact me in regards to this reference I can be reached at 715-799-3824 ext 6005.

Thank you again for your work on this project.

Sincerely,

Herman Peters 
MISD Maintenance
