3600 Velp Avenue
Green Bay, WI 54313

Dear Randy,

I want to thank you for your work on our lighting retrofit project at Riverview Elementary School. I appreciated the support that you provided starting and including the presentation you made to our Board of Education, the type of detailed written explanation and materials you provided about the project to the school district, your attention to detail before and after the retrofit project began, your assistance in monitoring the project throughout the installation process and your work with the Wisconsin Energy to procure rebates due the district for this project.

I found your company to be exemplary in your handling all aspects of this project. If you should need a company reference sometime in future feel free to use me. Thanks for your fine work with this project.

Sincerely,

Gary Petersen
District Administrator
