Mr. Randall S. Johnson  
President  
U.S. Lamp, Inc.  
3600 Velp Avenue  
Green Bay, WI 54313

Dear Randy:

I thought I would drop you a note to let you know how pleased we are with the lighting system for the new Southwest High School stadium. The lighting is uniform across the entire field, with excellent intensity. All of the comments that I have heard have been very positive with respect to the appearance of the steel poles and the quality level of the lighting system.

I would also like to commend Stiegler Electric for an excellent job in installing the system. They were a pleasure to work with.

I would be more than happy to recommend this lighting system. It was very cost competitive, attractive in design, and has provided us with a quality lighting system.

Sincerely,

Thomas M. Geurts  
Construction Committee Chairman  
Southwest Booster Club.
