Dear Randy,

I 'm writing to congratulate you and your staff on a job well done. Too many times thanks are forgotten. Our new football facility is now complete and we are hearing nothing but compliments. It was enjoyable working with you and Lee Christenson on the field lighting project. Your experience in lighting design really shows. When we turn on the lights for a game, it's breath taking.

I hope we can work together again on future projects I may have in our District. I would also recommend U.S. Lamp Inc. to anyone else looking to do a lighting project. From my experience working with you, I would say they would be more than satisfied, I know I certainly am.

Sincerely,

Ronald E. Birr
